### **PLEASE help us keep our facility safe and clean by observing the following recommendations:**

1. If you are sick, please do not visit the funeral home. This includes nausea, vomiting, cough, fever, chills, sweats, fatigue or any other symptoms that indicate you are not well. The bereaved family will be happy to hear from you by phone, electronic or other condolences.

6. The initial viewing for your loved one should be limited to immediate family only. The CDC advises to limit gatherings to 10 people or less. We are asking our families to help us communicate this to close friends and acquaintances.
7. If anyone in your family is ill, please ask them to stay home during the funeral service. We understand this is a difficult request; however, it is imperative that we take every precaution to prevent the spread of illness and disease.
